A black and white photograph of firefighters at an emergency scene. In the foreground, a firefighter in full gear is kneeling and using a red hydraulic tool to work on a vehicle. Other firefighters are visible in the background, some standing and some working. The scene is outdoors, with trees and a building visible in the distance.

About JYD Industries

Specializing in vehicle stabilization and lifting, rescuer safety and patient protection products, JYD Industries™ we arm the emergency response community with simple, lightweight and proven first-in equipment.

With extrication equipment designed purposefully engineered for today's responders, JYD Industries™ continues to bring game-changing, proven and simple solutions to new-car technology challenges.

Starting with our famous JYD Rescue Struts, which became increasingly popular over the years, we listened to our customers' requests and added lifting equipment, gear bags, and other first-in rescue equipment to provide you with quality, American made rescue equipment supporting the emergency services workers when lives matters.

As popularity and demand increased, JYD Industries™ (formerly, Junkyard Dog Industries) developed a national presence that has reached international exposure. JYD Industries dealers are located nationwide to provide responders with quality products, training, and service.

Explore what other rescuers have discovered about JYD Industries™ innovative product designs, resourcefulness, and materials of a high standards, and dedication to arming responders with the first-in equipment they need to face today's new car technology challenges with ease and confidence.

JYD Industries™, a division of ESI EQUIPMENT, INC., is a member of FEMSA and contributes towards the Fallen Firefighters Foundation, F.O.O.L.S. chapters, and Burn Foundation activities.

ESI Equipment was started by first responders that understand today's challenges in Fire, EMS, Rescue, Law Enforcement, and other response entities. Innovation and dedication make ESI the ultimate Industry resource for specialized first responder services, like JYD Industries products. ESI Equipment: the choice of thousands of departments dedicated to serving their communities.

The JYD Rescue Strut Concept

JYD Rescue Struts are engineered to provide stabilization based on a Tension-Buttress concept. This system comprises the strut as the Buttress and the ratcheting strap as the Tension device. Both of these, used in conjunction, form a system of complete stability. The rescue strut concept, using the Tension-Buttress system, creates an "A" frame or "outrigger" effect on the unstable vehicle, allowing for secure stabilization.

NOTEWORTHY FEATURES:

- Engineered to work autonomously;
All strut accessories are stored in bag attached to the strut
- NO assembly required allows for faster deployment
- Significantly reduces the amount of cribbing required
- Carrying handle ergonomically designed to keep the strut in a balanced carrying position
- One rescuer can easily carry two JYD Rescue struts

JYD Rescue Strut Specifications

PRODUCT	Retracted Length	Maximum Extension	Weight	WLL	Safety Factor	Independently Tested Holding Strength	Includes
XTEND - Small	27 inches	42 inches	19 lbs.	5,000 lbs.	2:1	10,000 lbs.	Accessory Bag, Ratchet strap with floating claw hook, Axle strap with floating claw hook, Angled head, Witches hat head and Picket included with each strut

JYD Rescue Struts are 3rd Party Tested at over 10,000 lbs. to a 2:1 Rated Capacity of Up to 5,000 lbs.

JYD Rescue Strut Components

The Strut

Two styles: XTEND and ZSTRUT. Both available in Small, Medium and Large.
Now available, the new Heavy Duty strut, the XTEND HD.

Ratchet Strap

The Ratchet Strap is used to latch onto a component of the vehicle with a single round turn, multiple wraps, a “girth” hitch or by using the attached claw hook. The axle strap has a 1,300 lb. working load and a 4,000 lbs. breaking strength. *floating claw hook attached*

Floating Claw Hook

The Floating Claw Hook can be used as a fastening point for the ratchet strap by placing it into an existing hole in the frame, around a structural component of the car, or by creating a hole in the metal body structure by use of a step-bit. The ratchet strap can be doubled back for added strength.

Carrying Handle

JYD Rescue Strut’s Carrying Handle is specifically engineered to carry the strut in a balanced position allowing for two struts to easily be carried by one individual. The Anchor Picket is built into the carrying handle.

Accessory Bag

The included accessory bag is secured using Velcro to the strut handle. It contains additional head, ratchet strap, axle strap.

Removable Heads

Every Strut includes two removable heads: The Angled Head for inserting and gripping in angle positions up to 90 degrees and The Pointed Head for placing in available holes or create holes in sheet metal

Axle Strap

Used to lash onto a component of the vehicle with a single round turn, multiple wraps, a “girth” hitch or by using the attached claw hook. The axle strap has a 1,300 lb. working load and a 4,000 lb. breaking strength. *floating claw hook attached*

Anchor Picket

The included Anchor Picket can be removed and used through the base plate to secure strut system in soft ground. The Picket head is coated with durable polymer coating.

Base Plate

JYD Struts are mounted on a base plate capable of pivoting 180 degrees for proper positioning and storage.

SAFE. SIMPLE. PORTABLE. PROVEN.

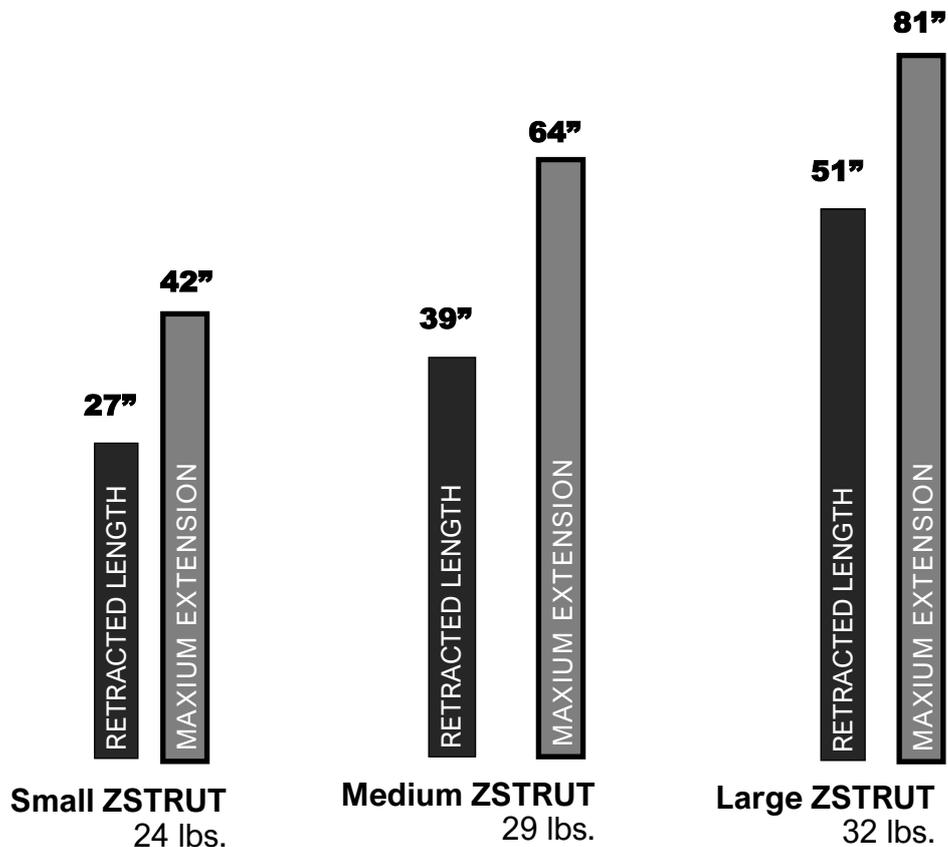

JYD RESCUE STRUT STYLES

JYD Industries is dedicated to equipping First Responders with safe, simple, lightweight & portable rescue struts to take your rescue & life saving efforts to the next level with ease. JYD has engineered a variety of rescue struts to meet your stabilization needs.

ZSTRUT

Zipnut® Technology

Using Patented ZipNut® Technology, JYD Industries' ZSTRUTs are setting industry standards. The ZSTRUT is engineered to extend by simply pulling up the extension rod to desired height. Eliminating the need for locking pins allows for quicker deployment and adjustability with the ability to follow lifts. ZStrut Zipnut® technology makes adjustments during lifts simple — the collar rotates on the threaded rod to tighten fit. To retract just pull the collar up.

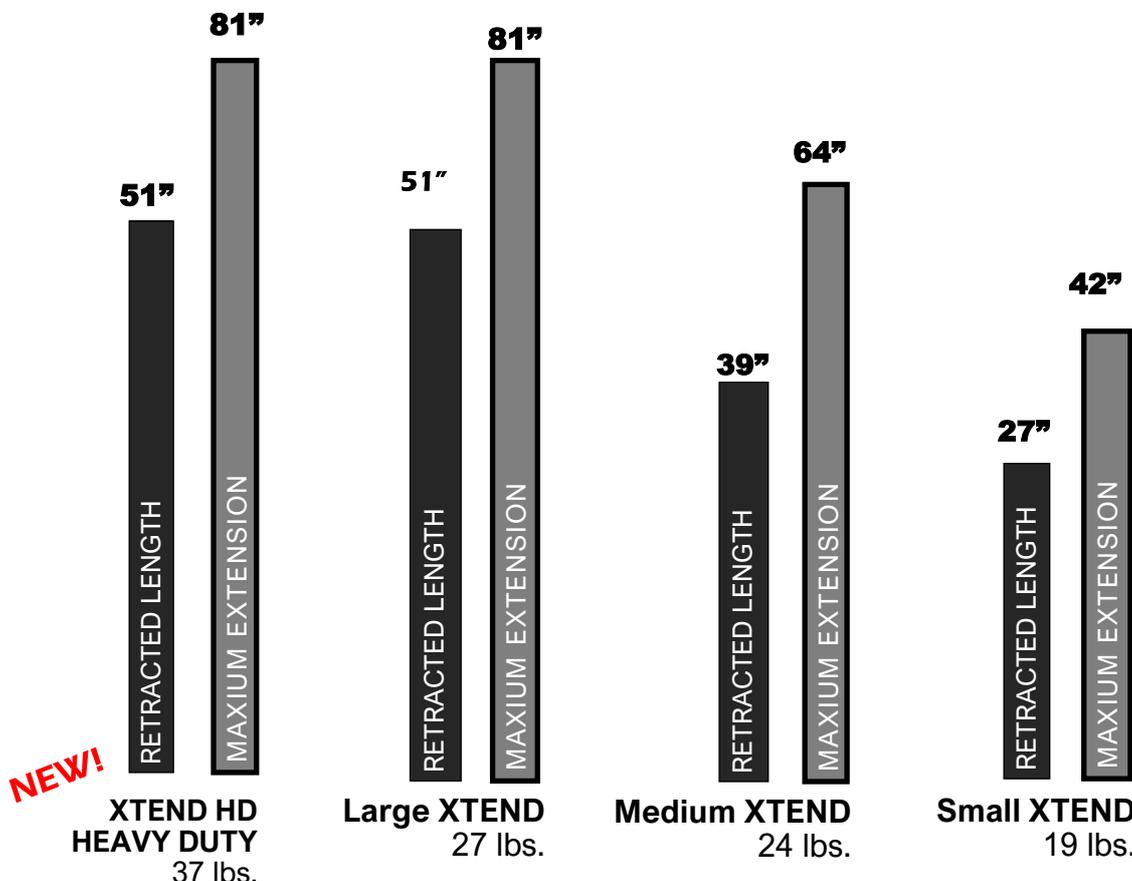

JYD Industries Rescue Struts come in two styles, ZSTRUT and XTEND, each available in multiple sizes & systems to accommodate your department's needs.

XTEND

Locking Pins

The XTEND Rescue struts from JYD Industries are the solution for your stabilization challenges. Self-Contained, lightweight and easy to use for quick and secure deployment. XTEND Rescue Struts uses heavy duty, top quality, stainless steel aircraft quality Locking Adjustment "T" Pins for quick and secure deployment.

RESCUE STRUT SETS

All JYD **Rescue Strut sets** come with X2 Struts, X2 Witches Hat Point Heads, X2 Angled Heads, Accessories Pouches, X2 pickets, X2 Simpson Ratchet Straps with floating claw hooks, and X2 Simpson Axle Straps with floating claw hooks.

Rescue Strut Set: LARGE

XTEND Part #: JYD-XRS L

ZSTRUT Part #: JYD-ZRS L

Rescue Strut Set: MEDIUM

XTEND Part #: JYD-XRS M

ZSTRUT Part #: JYD-ZRS M

Rescue Strut Set: SMALL

XTEND Part #: JYD-XRS S

ZSTRUT Part #: JYD-ZRS S

*The Strut Accessory Bag is included with every strut and holds the following components:

RESCUE STRUT SYSTEMS

All JYD **Rescue Strut Systems** come in two sets (X4 struts) in the style of your choice, X4 Witches Hat Point Heads, X4 Angled Heads, Accessory Pouches, X4 pickets, X4 Simpson Ratchet Straps with floating claw hooks, and X4 Simpson Axle Straps with floating claw hooks.

Rescue Strut System: XTEND

XTEND (2) S, (2) L - Part #: JYD-XRS SYS

XTEND (2) S, (2) M - Part #: JYD-XRS SMMD

XTEND (2) M, (2) L - Part #: JYD-XRS MDLG

Rescue Strut System: ZSTRUT

ZSTRUT (2) S, (2) L - Part #: JYD-ZRS SYS

ZSTRUT (2) S, (2) M - Part #: JYD-ZRS SMMD

ZSTRUT (2) M, (2) L - Part #: JYD-ZRS MDLG

SIDEWINDER

SIDEWINDER

Part #: JYD-SW-K

Stabilizing & Lifting on All Fours

The Sidewinder can be used for quick 2 or 4 point stabilization. The Sidewinder eliminates the need to deflate the tires by releasing the weight on the suspension. This accomplishes a partial or total lift with ease.

Stabilizing & Lifting a Side Rollover

When used in conjunction with other stabilization devices, the Sidewinder's pivoting heads can adjust to sloping angles for quick action. Tethered to a strut, a vehicle can be lifted using the Sidewinder.

Stabilizing & Lifting a Roof Rollover

Using the Sidewinder in a pair under the roof rail, allows for efficient stabilization. Lifting the rear upward becomes faster & more effective. Placing the sidewinder under the A-Post/Hood area allows you to lift the front end .

OTHER APPLICATIONS

The Sidewinder is primarily designed for automobile use. Other applications exist, such as in rescue operations including USAR and special operations.

Third Party Tested to a Rated Weight up to 7,500 lbs.

Engineered Scissor Operation
Specifically designed for Rescue Work

Pivoting head can adjust to sloping angles for quick action

Can be operated manually or with power tools

Roller Bearings for smoother operation

Built in clevis designed specifically to secure a Ratchet Strap

Force label and chart for calculating load limits

Single head design for quicker, simpler operation

Pivoting Carry-Handle for easy portability

Enclosed Threaded Rod

Polymer Coated Bottom designed with wide base for stability

The SIDEWINDER is designed for rescue operation to either stabilize or lift an intended load. A choice of heads gives a choice of smooth or aggressive action against the load. Pivot head provides better surface contact on angled loads. The smooth operating drive train provides ease of operation - manually or by a powered impact tool. In operation, the SIDEWINDER increases in strength as it is extended.

Lifting Forces & Devices to Accomplish the Task:

Quick Wrench	1.25T	2,500 lbs.
9" Handle Ratchet	3.25T.	6,500 lbs.
Impact Gun (450 / 650 ft lbs.)	3.75 - 4.1T	7,500 - 8,200 lbs.
17" Handle Breaker Bar		10,000 lbs.

Standard Kit Includes:

- (1) Sidewinder • Combination Flat head & Pointed Head • (1) Speedy Wrench • (1) Universal

SIDEWINDER & STEP CHOCK KIT

Part #: JYD-SWSTAB-K1

The Sidewinder Step Chock Kit includes:

- (2) Turtle Plastics Step Chocks (part #: SC-1)
- (2) complete Sidewinder Kits (part #: JYD-SW-K).

Cribbing Bag Kits

Cribbing Bag Kit #1

Complete Kit: Part #: JYD-CRB-K1

- (8) 4X4X18 Pyramid Cribbing
- (4) 2"x4"x12" Wedges
- (1) JYD Cribbing Bag

Cribbing Bag Kit #2

Complete Kit: Part #: JYD-CRB-K2

- (6) 4X4X18" Pyramid Cribbing
- (4) 2X4X18" Pyramid Cribbing
- (4) 2X4X18 Pyramid Face Wedge
- (1) JYD Cribbing Bag

Dog Paw

Part #: JYD-DP

- Fits Both the JYD Struts & Sidewinder
- Works With Cleat Base
- Interlocking Design for Safe Stacking
- Pyramid Textured Bottom Designed to Work With the Turtle Plastic Pyramid Cribbing
- Front & Back Cut Out Works With a 3.5" Wedge
- Can be Used to Raise the Sidewinder and Strut Height for Use on SUV's or Pickups

1-inch Headed Pickets

Part #: JYD-20068

- Powder Coated Red Cold Rolled Steel
- Head with Rhino Coating
- Formed Point
- 36" Length
- 1" Diameter
- Reflective Bands
- Designed to Meet Rescue Certifications

Cleat Base

Part #: JYD-CLBS

- Strut & Sidewinder Accessory
- Designed for Off Road or Slippery Conditions
- Stainless Steel with Welded Inner Guide
- 14" x 7" Doubles footprint of SideWinder Base
- Strut Base Slides in Guides for Proper Tensioning
- Stamped Bottom Cleats for Use on Ice or Slippery Roads
- Powder Coated Red for Durability and Visibility

**Give Your JYD
Sidewinder and Rescue
Struts a BOOST with our
Dog Paw, safe to stack
and designed to work
with Turtle Plastic
Cribbing.**

JYD Stabilization Kits

Everything you need for conventional and unconventional stabilization needs, all in one convenient kit. Whether you need to do a quick 2- or 4-point stabilization with the included Sidewinders to accomplish a partial or total lift with ease or add the Struts in conjunction with the Sidewinder to stabilize and lift for a rollover scenario. The Cleat Bases guarantee your Struts and Sidewinder grip on off-road or slippery surface when a scenario calls for it. Choose the type of strut system that works for you – systems are available for both the XTENDS and ZSTRUTS. Approach any scenario with confidence by arming your department with one of our Stabilization Kits.

Stabilization Kit #1

(2) ZSTRUT or XTEND Strut System

- (4) Rescue Struts—Choose any size combination
- (4) Witches Hat (Pointed Heads)
- (4) 90 Degree Heads
- (4) Accessory Pouches
- (4) Pickets
- (4) Simpson Ratchet Straps with floating J hooks
- (4) Simpson Axle Straps with floating J hooks

(2) Cleat Bases

ZSTRUT Stabilizing Kit #1 (Part #: JYD-ZSTAB-K1)
XTEND Stabilizing Kit #1 (Part #: JYD-XSTAB-K1)

(2) Sidewinder Standard Kits

- (2) Sidewinders
- (2) Combination Flat & Pointed Head
- (2) Speedy Wrench
- (2) Universal

(1) Milwaukee Drill Kit #2

- (1) M18™ Drill Driver
- (2) M18™ Lithium Ion Battery
- (1) M18™ 1/2" Impact Wrench
- (1) 1/4"- 3/4" Step Drill Bit
- (1) 110 V Charger
- (1) Tool Bag

Stabilization Kit #2

Get everything in Combo Kit #1 PLUS 2 extra Sidewinder Kits!

(2) ZSTRUT or XTEND Strut System

(2) Cleat Bases

(4) Sidewinder Standard Kits

(1) Milwaukee Drill Kit #2

ZSTRUT Stabilizing Kit #2 (Part #: JYD-ZSTAB-K2)
XTEND Stabilizing Kit #2 (Part #: JYD-XSTAB-K2)

Rescue Strut & Sidewinder Mounting System *Designed for mounting in multiple positions*

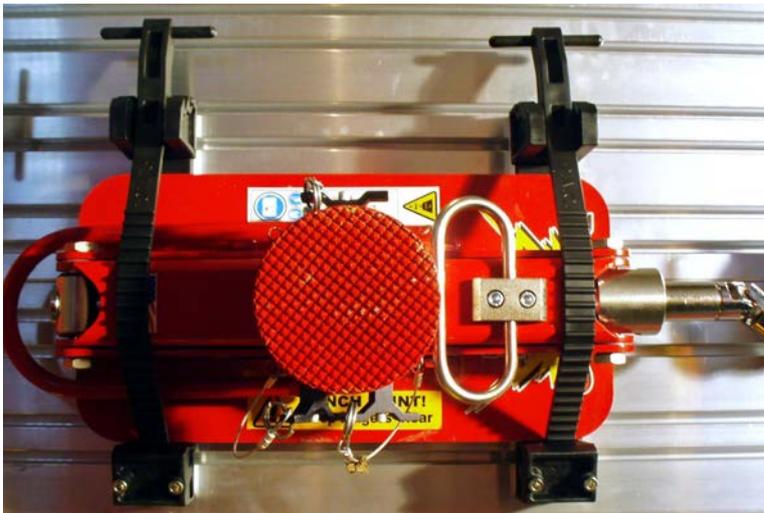

STRUT MOUNTS

Vertical Mount & Horizontal Mount
Part #: JYD-1090K

SIDEWINDER MOUNTS

Vertical Mount Part #: JYD-SW VMK

Horizontal Mount Part #: JYD-SW HMK

Strut Exterior Storage Bag and Brackets

Optional Exterior Storage Bags for ZSTRUT and XTEND Rescue Struts.

- Designed for Protection From Environmental Conditions
- 22 oz. Poly Coated Heavy Duty Vinyl Material is Water Resistant
- Rubber Sealed Entry Zipper for Added Protection
- Back of Bag Reinforced with Sturdy Insert for Additional Strength
- Includes Both Upper and Lower Mounting Brackets
- Pre-Punched Grommet Holes for Bracket Placement

Part #: JYD-450-L (Large)
JYD-450-S (Small)

Vehicle Catch Cushion

DRAMATICALLY REDUCE EXTRICATION TIME

For an injured patient, removal procedures are less likely to cause further injury. Lowering the vehicle into a position that is easily recognizable and easily dealt with in the crucial time of extrication.

Every Vehicle Catch Cushion comes with all the accessories necessary during rescue operations.

Specifications

- 8 stainless steel D-rings for anchoring
- 2 cam-lock fill & discharge ports with caps
- 10' discharge hose with adjustable deflation control
- Weight: 35 lbs.
- Material: 5 mil. TPU composite
- Control descent: Domestic cars and light trucks
- Dimensions: 60"L x 42"H x 20"W
- 2 CamLock G' Straps
- Battery Powered Blower
- Thermal Protection Blanket
- Carry Bag

Safely lower an occupied vehicle to better access patients on scene.

Crash Bag Kits

For a 1st Responder or Rescuer to utilize as a first-in tool at a vehicle crash. This contains the basic tools and equipment to start initial stabilization and quick entry for patient assessment. Made of heavy duty waterproof vinyl with full wrapped webbing handles. A three sided dual zipper allows for quick and easy access. Bright orange color and a large reflective band easily identifies the bag. Inside contains a removable magnetic tool board with pockets for individual tools. A semi-removable divider holds additional large tools and secures the rescue blanket in place. 16 industrial quality tools carried in the bag. 19" (L) x 15.5" (H) x 4" (W) 13.5 Pounds.

Standard Crash Bag With Glas-Master

INCLUDES:

- Channellock® 6 in 1 Screwdriver
- Channellock® Pliers
- Channellock® Cable Cutters
- Channellock® 10" Adjustable Wrench
- Ajax Strip & Peek Pry Tool
- Rescue Shears
- Spring-Ring Window Punch
- Lenox® 12" Hack Saw
- 4 - Spare Lenox® Hack Saw Blades
- JYD Industries Seat Belt Cutter
- 4 - Tire Valve Deflator/Inflators
- Glas-Master Saw with Center Punch
- Kovenex® Rapid Response Rescue Blanket

Part #: JYD-CB (Kit),

Part #: JYD-CB-1 (Bag Only)

Elite Crash Bag With Glass Knife & 12v drill

INCLUDES:

- Standard Crash Bag Components (without the Glas-Master), PLUS...
- An Entire Glass Knife Kit
 - Glass Knife Head
 - M12 Drill, (2) Lithium Ion Batteries,
 - AC Charger
 - DeWalt Pry Bar

Part #: JYD-CB-GK

Elite+Plus Crash Bag With Glass Knife & 18v drill

Upgrade from an Elite to and Elite+

Includes the Glass Knife with an 18V drill when you purchase the new Elite+ Crash Bag Kit.

Part #: JYD-CB-GK PLUS

X-POUCH

THE X-POUCH INCLUDES:

INSIDE POUCH

- Channellock® Adjustable Pliers
- Channellock® Cable Cutters
- Channellock® 6-in-1 Screwdriver
- Ajax Strip & Peek Tool

Straps for the X-Pouch are available in Leather & Nylon

Essential Hand-Tools Readily Available at Your Side

The X-Pouch outer shell is built from 1000 Denier coated Cordura® Nylon for years of rough dependable service. The interior pockets are built with 400 Denier Gray Pack cloth for easy and quick deployment of tools. Plus, the lighter color material helps during use in low light conditions. The 1" elastic positioned on the sides of the pouch help secure tools when the pouch is open or in odd positions. Velcro® USA products are utilized to keep the pouch closed when stored, but quickly and easily opens when tools are needed. A universal belt loop allows for normal carry or with a quick pull of the tabs allows the X-Pouch to be worn in the tactical mid-thigh position. A 1" leg strap is provided to keep the pouch secured to the user's leg. A zippered pocket on the front flap allows small items to be secure and easily accessible. The X-Pouch is constructed with 100% American made materials and includes a Lifetime Warranty. Available with or without the tools.

Extrication Protection Kit

Part #: JYD-EPC-K

- For Protection of Rescuers and Patients During Extrications
- Covers Posts and Other Jagged Edges
- Washable, Non-Wicking
- Durable Exterior Made of 22 oz. Poly Coated Vinyl
- Strong Pliable Inner Material - Kovenex® Aramid Material

24" x 60" Cover with
6 Interior Magnets
Part #: JYD-757

Post Covers with
Hook & Loop
Part #: JYD-755

24" x 24" Cover with 4 Interior
Magnets for Extra Hold
Part #: JYD-756

Carry Bag
Part #: JYD-759

Patient Protection Panels

Designed to provide protection to an entrapped victim inside a vehicle. Panel has hand-holds for gloved hands to maneuver easily. Clear .125" Poly Carbonate comes in single or double hinged panels. Each panel measure 21" x 24" with reflective tape protection.

Solid. Translucent. Portable.

Kit #1 Part #: JYD-753

Patient Protection Panel Kit #1 includes a single protective panel, an additional Double-Hinged Panel, and a Kovenex® Blanket. All the above items come in one Storage Bag for efficiency.

Kit #2 Part#: JYD-753-K2

Patient Protection Panel Kit #2 has the same products as Kit One, replacing the single panel with the all NEW Teardrop Panel.

Double Hinged Panel

Part #: JYD-752

Teardrop Panel

Part #: JYD-754

Single Panel

Part #: JYD-751

Kovenex® Rapid Response Fire Blanket

The Kovenex® Rapid Response Blanket is a high-performance, flame- and tear- resistant blanket used by extrication professionals and fire rescue teams. It will provide you and your rescue victims the needed protection against fire, intense heat and burn, shattered glass particles and sharp metal edges.

Blanket Specifications:

Fabric Weight: 10 oz./sq. yd.

Blanket Size: 57" x 57"

US Patent No. 6,102,128

Tested to NFPA performance standards

Rapid Response Blanket with Bag

Part #: KOV-RRBCB

Rapid Response (Blanket Only)

Part #: KOV-RRBL

Rapid Response (Bag Only)

Part #: KOV-RRB

Premium 4-in-1 Safety Kit

Part #: JYD-SAFE-K1

4 Safety Kits in one bag, for less!

Everything you need for patient and rescuer protection is conveniently packed into one vinyl coated polyester bag. Bright orange and striped with reflected tape for high visibility at crash scenes. Multiple pockets placed within and around the outside of the bag allows for easy access to the tools you need.

Four safety kits in one for easier operation and deployment.

Premium 4-in-1 Safety Kit Includes:

Packexex® SMASH Kit Part #: ESI-PX-SM

- Dispenser
- SMASH Roll, 12.25" x 164', Perforated Every 4" (Fits Dispenser)
- SMASH Roll, 12.25" x 164', Unperforated (Hand Application)
- Film Cutter
- Safety Knife
- Squeegee
- Cloth

Packexex® Sharpwrap Kit Part #: ESI-PX-SW

- (4) Rolls (Kit Holds 2)
- Handle

Extrication Protection Cover Kit Part #: JYD-EPC-K

- (3) Post Covers with Hook & Loop
- 24" x 24" Cover with 4 Interior Magnets for Extra Hold
- 24" x 60" Cover with 6 Interior Magnets

Extrication Protection Panel Kit w/ Teardrop Panel

Part #: JYD-753

- Single Panel
- Extrication Protection Panel - Teardrop
- Kovenex® Blanket

Spring Ring Window Punch Part #: JYD-20102

Carry Bag Part #: JYD-076

Premium Safety Kit #2 Part #: JYD-SAFE-K2

- Same as Above EXCEPT Exchange Single Extrication Protection Panel with Double Hinged Extrication Protection Panel

JYD Responder Bags

Material Specifications and Features

22 oz. Vinyl Coated Polyester, UV Resistant, Won't Crack in Severe Cold, 100% Waterproof Fabric, Reinforced Wear Points

NEW!

Air Chisel Kit Bag

Designed to hold an SCBA cylinder, entire Ajax Air Chisel kit components and be pre-connected ready for service. Three attached compartments hold: 60 minute compressed air cylinder; regulator, air hose and spare chisel bits; and, air gun w/bit connected to hose. Hook and Barb enclosures with tabs secure openings to two compartments, a long tab holds gun in. Reinforced lid protects the regulator. An opening between the two compartments permits the regulator to stay attached to the cylinder. An adjustable 40" strap/padded shoulder strap connected to metal D-rings and a handle for easy movement. (Air cylinder and air kit not included).

Part #: JYD-276

Dimensions:

24" (W) x 13.5" (H) x 14" (D)

Rotary Disc Saw Blade Bag

Designed to hold up to (3) 16" rotary saw blades in protective compartments made of heavy duty vinyl coated polyester. For on the go use, either metal, masonry, ordinary material, or the new super aggressive cutting blades can be carried safely and conveniently to the saw. A small exterior pouch can store a blade wrench. Full overlapping lid with hook & barb closure keeps dirt and moisture out of the bag.

Part #: JYD-325

Dimensions:

19.5" (W) x 17.5" (H) x 2" (D)
Shoulder Strap: 26" Reinforced and Padded

Hydraulic Hose Bag

Designed to hold ground line sections of hydraulic rescue tool hose to keep them properly coiled and protect the couplings. The material does not absorb mineral oil hydraulic fluid thus keeping the bag from attracting dirt. A hook & barb strap secures the large opening closed. Two carry handles provide easy maneuverability of hoses, while a handle at the bottom allows quick release of the hose line(s) from the bag.

Part #: JYD-075

Dimensions:

21" (W) x 22" (H) x 4" (W)

Colors: Orange, Green, Black, Red, or Blue

Troll Bag

Compliments the Hi-Rise Bags. Designed to carry additional equipment such as rubber mallets, blind caps and nozzles that may be required at a stand pipe or to extend a hose line. Two double adjustable straps with plastic clips hold the bag and contents together. A reversible inner liner doubles as a cover. Reinforced shoulder strap with a hook & barb enclosed protective cover allows easy mobility. A reinforced bottom and partial sides for durability.

Part #: JYD-100

Dimensions:

19.5" (W) x 10.5" (H) x 7" (D)

Back Step Bag

Carries supplies typical for hose evolutions: Hydrant adapters; hydrant wrench; other necessary hose or hydrant equipment. A flip lid with hook & barb enclosure allows full access to the interior. Inside is a hook & barb enclosed pouch for small equipment. A 57" adjustable shoulder strap secured with metal spring clips on exterior metal rings and an exterior hydrant wrench pouch is included.

Part #: JYD-275

Dimensions:

17.5" (W) x 10" (H) x 10.5" (D)

Cribbing Bag

For plastic or wood cribbing, this bag can hold up to (9) 4" x 4" pieces. This three sided bag allows quick access to the cribbing pieces, but keeps them secure during transport. Two double adjustable straps with plastic clips hold the bag and contents together. A handle at the bottom front for removal from the apparatus compartment. Two small openings in the bottom corners allow moisture run-off. Reinforced bottom for durability.

Cribbing Bag Kit #1

Complete Kit: Part #: JYD-CRB-K1

- (8) 4X4X18 Pyramid Cribbing
- (4) 2"x4"x12" Wedges
- (1) JYD Cribbing Bag

Cribbing Bag Kit #2

Complete Kit: Part #: JYD-CRB-K2

- (6) 4X4X18" Pyramid Cribbing
- (4) 2X4X18" Pyramid Cribbing
- (4) 2X4X18 Pyramid Face Wedge
- (1) JYD Cribbing Bag

Part #: JYD-020

Dimensions:

24" (W) x 11.5" (H) x 10" (D)

Color: Orange with 2 Reflective Strips

Cleat Base

Optional Base for Sidewinder and JYD Rescue Struts.

- Designed for Off Road or Slippery Conditions
- Stainless Steel Construction with Welded Inner Guide
- 14" x 7" Dimension
Doubles footprint of SideWinder Base
- Strut Base Able to Slide in Guides for Proper Tensioning
- Stamped Bottom Cleats for Use on Ice or Slippery Roads
- Powder Coated Red for Durability and Visibility

Part #: JYD-CLBS

Cleat Base Bag

Part #: JYD-CLBB

Doggie Bag

Carries additional components to assist in the use of the rescue struts and stabilization process. Bag is weather resistant, has a fully enclosed lid, pockets for accessories, and an adjustable carry strap.

Includes:

- (2) Ratchet Straps with 20' of Webbing (Blue)
- (2) Axle Straps (Blue)
- (2) Open Hook Straps (Blue)
- (2) Cluster Hooks
- (1) C-Hook on Webbing

Part #: JYD-475

24

LDH Wrench Pouch

Designed to hold a hydrant wrench on the end of a large diameter hose. Three hook & barb connecting straps hold the pouch onto a 3", 4", or 5" hose section. A hook & barb enclosed lid secures the wrench inside. Reinforced bottom for durability.

Dimension:

23.5" (W) x 7.5" (H)

Part #: JYD-125

Sidewinder Bag

Designed to carry a Sidewinder with an interior pocket for the speed wrench, it's roomy enough to add a battery impact wrench and other accessories. The tough bottom provides extra structure to help maintain its shape and from absorbing fluids from the rescue scene. Includes a noncorrosive double zipper, reflective striping, carry handles, and a reinforced shoulder strap.

Dimensions:

22" (W) x 7" (H) x 9.5" (D)

Part #: JYD-SW-B

Lower Clevis Kit Upgrade

Optional—the current clevis can remain in place or removed. If the upper clevis is removed, the two reflective tape pieces can be applied to cover the 2 holes on either side of the strut.

Kit Includes:

- (1) Larger Red Powder Coated Clevis
- (1) 3.5" Grade 8 Bolt
- (1) Pinch Nut
- (2) Washers
- (2) Pieces of Reflective Tape

Contact your local JYD Dealer to have them installed on your JYD Rescue Struts

Part #: JYD-LC-K

Multi Purpose Bag

The All-Purpose JYD Industries Bag is designed to use for any equipment. The tough bottom provides extra structure to help maintain its shape and from absorbing fluids from the rescue scene. Includes a noncorrosive double zipper, reflective striping, carry handles, and a reinforced shoulder strap.

Dimensions:

22" (W) x 7" (H) x 9.5" (D)

Part #: JYD-110

We have designed 4 Milwaukee Cordless Power Tool Kits to assist in extrication operations. These kits include —Drills with Step Drill Bits to create purchase points for the struts, Impact Wrench to raise and lower the SideWinder, Reciprocating Saw for gaining access and an AC/DC charger for use in the station and on the apparatus.

When you purchase a Milwaukee tool from us, we will work with the manufacturer to handle any warranty or repair issues that may arise!

Kit One

Part #: JYD-MIL-K1

- M18™ 1/2" Impact Wrench
- M18™ Lithium Ion Battery
- 110V Charger

Kit Two

Part #: JYD-MIL-K2

- M18™ Drill Driver
- M18™ 1/2" Impact Wrench
- (2) M18™ Lithium Ion Battery
- 1/4"- 3/4" Step Drill Bit
- 110V Charger
- Tool Bag

Kit Three

Part #: JYD-MIL-K3

- M18™ Drill Driver
- M18™ Sawzall®
- (2) M18™ Lithium Ion Batteries
- 110V Charger
- (2) 6" 10TPI Recip Saw Blades
- (2) 9" 10TPI Recip Saw Blade
- Recip Saw Blade Holder
- 1/4"-3/4" Step Drill Bit
- Tool Bag

Kit Four

Part #: JYD-MIL-K4

- M18™ Drill Driver
- M18™ 1/2" Impact Wrench
- M18™ Sawzall®
- (2) M18™ Lithium Ion Batteries
- 110V Charger
- 1/4"- 3/4" Step Drill Bit
- Recip Saw Blade Holder
- (2) 6" 10TPI Recip Saw Blades
- (2) 9" 10TPI Recip Saw Blades
- Tool Bag

M18™ Cordless 1/2" Compact Impact Wrench with Pin Detent

2XC High Capacity Lithium Ion Battery pack, 1-Hour Charger, Carrying Case

Part #: MIL-2659-22

M18™ Cordless Compact Drill Driver

Includes: 18V Lithium Ion Battery Pack, 18V Lithium Ion Charger, 1/3" 3-Jaw Keyless Chuck

Part #: MIL-2704-22

Sawzall® M18™ Cordless Recip Saw Tool Kit

Sawzall® M18™ Cordless Recip Saw, 18V XC High Capacity Lithium Ion Battery, 1-Hour Charger, General Purpose Sawzall® Blade, Carrying Case

Part #: MIL-2621-21

9 Piece Sawzall® Blade Set

Includes: (2) 6" 5 TPI SAWZALL® Blade, 9" 5 TPI SAWZALL® Blade, (3) 6" 14 TPI Thin Kerf SAWZALL® Blades, (3) 6" 24 TPI Thin Kerf SAWZALL® Blades

Part #: MIL-49-22-1145

Recip Saw Blade Holder Part #: JYD-480

Designed to carry additional blades. Attaches to any reciprocating saw with hook and loop fasteners. Holds (2) 6" & (2) 9" Reciprocating Blades

GLAS-MASTER Saw & Center Punch

The Glas-Master Saw is a manually operated glass removal tool designed to cut laminated glass in windshields as well as newer vehicle side windows.

Yellow Glas-Master Part#: WEH-GMM-1-Y

Orange Glas-Master Part #: WEH-GMM-1-O

Window Punch Replacement Part #: WEH-GMM-1WP

Standard Replacement Blade Part #: WEH-GMM-1B46

- **FAST & EFFECTIVE**– Cuts rescue time significantly
- **VERSATILE**– Use on fiber-glass, wood, plaster, etc.; also underwater
- **SAFE**– Less danger to entrapped victims and user
- Offers storage for the **SPRING-LOADED CENTER PUNCH**

For today's 1st responders, laminated glass poses a challenge. JYD Industries has addressed this by providing solutions to help you prepare for the future of new-car technology. JYD Industries Glass Management Products are now essential tools for today's 1st responders.

The Glass Knife

The laminated glass cutter that fits *any* drill.

- Engineered to fit any standard drill by any driver brand
- Designed to cut laminated windshield glass and newer model laminated side windows
- 80% of debris is ejected outside the vehicle compared to a reciprocating saw
- The glass knife and the drill work independently for use in any position
- Hardened, ground, and polished steel blade for durability
- Simple to attached to the drill, snaps on

Glass Knife, Head Only
Part #: JYD-GK-GlassKnife

Glass Knife Kit #1
Part #: JYD-GK KIT

Includes:

- Glass Knife Head
- Pry Bar
- (5) N95 Dust Masks
- Safety Glasses
- Can of Wetting Agent
- Carry Bag

Glass Knife Kit #2
Part #: JYD-GK KIT 2

Includes:

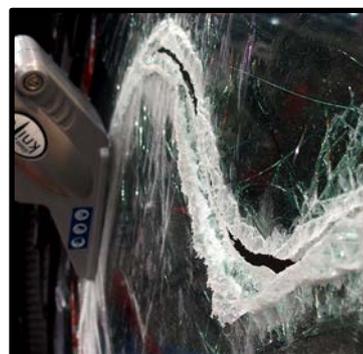

- Glass Knife Head
- Pry Bar
- (5) N95 Dust Masks
- Safety Glasses
- Can of Wetting Agent
- Carry Bag
- M12 Fuel Brushless Hex Driver kit (Includes Driver, 2 Batteries & Charger)

Glass Knife Kit #3
Part #: JYD-GK KIT 3 (18V)

Includes:

- Glass Knife Head
- Pry Bar
- (5) N95 Dust Masks
- Safety Glasses
- Can of Wetting Agent
- Carry Bag
- M18™ Drill
- (2) Lithium Ion Batteries
- AC Charger

Packexe® SHARPSWRAP®

Packexe® Sharpswrap® is a sharps management tool. This is an easy to use product to cover up sharp edges and protect PPE from damage and responders and patients from injury.

Packexe® Sharpswrap® Kit Part #: ESI-PX-SWK

- (4) Sharpswrap® Roll
Part #: ESI-PX-SWR
- Sharpswrap® Handle
Part #: ESI-PX-SWH

Packexe® SMASH

Packexe® SMASH is the original Time-Critical Glass management tool. For use in extrication on all types of glass. Packexe® SMASH holds glass in place, reducing the risk of injury from glass fragments and dust.

Packexe® Smash Kit Part #: ESI-PX-SK

- Dispenser
- SMASH Roll, 12.25" x 164', Perforated Every 4" (Fits Dispenser)
- SMASH Roll, 12.25" x 164', Unperforated (Hand Application)
- Film Cutter
- Safety Knife
- Squeegee
- Cloth
- Bag

Packexe® SMASH Hand Roll Part #: ESI-PX-HR

Packexe® THE EDGE

A smaller, handheld version of Packexe® SMASH. This is a one-handed, easy to use tool for glass management when space is limited.

Packexe® Smash, The Edge Part #: ESI-PX-SED

The Edge, 2-Pack Refill: Part #: ESI-PX-SER

Mini Puller Kit

Part# JYD-MP-K

Kit Includes:

- **Mini Lever Puller**
 - 1/2 Ton Come Along (1,000 lbs.)
 - Compact, Lightweight Carbon Steel Design
 - Non-Slip Rubber Handle
 - High output, Short Handle for Tight Spaces
 - 5 ft., Grade 100, Nickel Plated Load Chain
 - Free Chain Mechanism
 - Load Chain Guide for Smooth Operation
 - Both Hooks Have Notched Safety Latches
 - Meets ASME b30, Every Hoist is Tested to 125% of Rated Capacity
- **5' x 9/32" Grade 100 Adjustable Anchor Chain**
 - Tagged and Certified
- **Labeled Carrying Bag**

Doggie Bag

Part #: JYD-475

Carries additional components to assist in the use of the rescue struts and stabilization process. Bag is weather resistant. Has a fully enclosed lid. Pockets for accessories. Adjustable carry strap.

Includes:

- (2) Ratchet Straps with 20' of Webbing (Blue)
- (2) Axle Straps (Blue)
- (2) Open Hook Straps (Blue)
- (2) Cluster Hooks
- (1) C-Hook on Webbing

R.I.T Lift Kit

Part #: ESI-RKBK

- (2) 10-Ton Lifting Bags
- (1) Small Compressed Air Cylinder
- (1) Pre-Set Regulator
- (1) 20' Controller Supply Line
- (2) 20' Bag Supply Lines with Relief Valve and Shut-Off Valve
- (1) Dual Controller with Gauges & Relief Valve
- (1) Custom Carry Bag that Secures Cylinder with Handles & Carry Strap

Winch Accessory Kits

SMALL Rescue Winch Accessory kit Part #: ESI-20201-9-12

OPERATIONAL WITH:

- 8,000 – 12,000lb Winches
- 5/16" – 3/8" Wire or Synthetic Rope

INCLUDES:

- 2-3T Snatch Blocks with Latch
- (5) Anchor Shackles
- (2) 8' Round Slings
- (2) 10' Base Recovery Sling
- (1) 5' Grade 100 Adjustable Chain Sling
- (1) Wheeled Measuring Stick
- (2) Winch Line Dampening Bags
- (1) ESI Grab It Strap
- (2) JYD Industries Carry Bag, Tuff Bottoms & Straps

LARGE Rescue Winch Accessory kit Part #: ESI-20202-15-20

OPERATIONAL WITH:

- 15,000 – 20,000lb Winches
- 3/8" – 1/2" Wire or Synthetic Rope

INCLUDES:

- 2-4T Snatch Blocks with Latch
- (5) Anchor Shackles
- (2) 8' Round Slings
- (2) 10' Base Recovery Sling
- (1) 5' Grade 100 Adjustable Chain Sling
- (1) Wheeled Measuring Stick
- (2) Winch Line Dampening Bags
- (1) ESI Grab It Strap
- (2) JYD Industries Carry Bag, Tuff Bottoms & Straps

NEW WINCH-KIT OPTIONS!

Dillon Dynamometer
Part #: DIL-10K-100

Winching Chain Kit
Vehicle Harness and Rope Extender
(4 Chains - 5', (2)10', 20')
Part #: ESI-WC-Kit-51020

Lever Hoist (ComeAlong)

Standard Lever Hoist—rugged, all steel, compact, perfect for day-to-day operations

Standard 1.5 Ton (3,000lb) Lever Hoist 5ft Chain (ComeAlong) Package
Part No. ESI-20010

PACKAGE INCLUDES:

- 3000 lb. Lever Hoist (Part No. ESI-20005)
- Adjustable 5 ft. by 9/32" grade 100 chain
- Adjustable 10 ft. by 9/32" grade 100 chain

Standard 1.5 Ton (3,000lb) Lever Hoist 5ft Chain (ComeAlong) Package with Poly Box
Part No. ESI-20015

Standard 3 Ton (6,000lb) Lever Hoist 5ft Chain (ComeAlong) Package
Part No. ESI-20054

PACKAGE INCLUDES:

- 6000 lb. Lever Hoist (Part No. ESI-20051)
- Adjustable 5 ft. by 3/8" grade 100 chain
- Adjustable 10 ft. by 3/8" grade 100 chain

Standard 3 Ton (6,000lb) Lever Hoist 5ft Chain (ComeAlong) Package with Poly Box
Part No. ESI-20055

Deluxe Lever Hoist—alloy steel, quality-built designed for reliable operations in the toughest conditions

Deluxe 1.5 Ton (3,000lb) Lever Hoist 5ft Chain (ComeAlong) Package
Part No. ESI-20011

PACKAGE INCLUDES:

- 3000 lb. Lever Hoist (Part No. TTP-19679)
- Adjustable 5 ft. by 9/32" grade 100 chain
- Adjustable 10 ft. by 9/32" grade 100 chain

Deluxe 1.5 Ton (3,000lb) Lever Hoist (ComeAlong) Package with Poly Box
Part No. ESI-20016

Deluxe 3 Ton (6,000lb) Lever Hoist 5ft Chain (ComeAlong) Package
Part No. ESI-20057

PACKAGE INCLUDES:

- 6000 lb. Lever Hoist (Part No. TTP-19690)
- Adjustable 5 ft. by 3/8" grade 100 chain
- Adjustable 10 ft. by 3/8" grade 100 chain

Deluxe 3 Ton (6,000lb) Lever Hoist (ComeAlong) Package with Poly Box
Part No. ESI-20058

Deluxe Lever Hoist w/ Overload Device—optimized safety against unintentional release of load

Deluxe 1.5 Ton (3,000lb) Lever Hoist 5ft Chain w/ Overload Device (ComeAlong) Package
Part No. ESI-20072

PACKAGE INCLUDES:

- 3000 lb. Lever Hoist (Part No. TTP-19680-OD-1)
- Adjustable 5 ft. by 9/32" grade 100 chain
- Adjustable 10 ft. by 9/32" grade 100 chain

Deluxe 1.5 Ton (3,000lb) Lever Hoist w/ Overload Device (ComeAlong) Package with Poly Box Part No. ESI-20073

Deluxe 3 Ton (6,000lb) Lever Hoist 5ft Chain w/ Overload Device (ComeAlong) Package
Part No. ESI-20074

PACKAGE INCLUDES:

- 6000 lb. Lever Hoist (Part No. TTP-19689-OD)
- Adjustable 5 ft. by 3/8" grade 100 chain
- Adjustable 10 ft. by 3/8" grade 100 chain

Deluxe 3 Ton (6,000lb) Lever Hoist w/ Overload Device (ComeAlong) Package with Poly Box Part No. ESI-20075

Rescue Chains

Grade 100 (AKA Grade 10 or G10): Tagged with specs, serial number and Working Load Limit (WLL) and includes certificate of origin and serial number (except where noted*).

We Want to Recognize You.

JYD Industries™ Life-Saver Recognition Award

JYD Industries has created a program to recognize lifesaving efforts performed by our customers while utilizing JYD Struts and Sidewinders during an extrication. The crew or team in actual contact with the equipment at the rescue scene will be acknowledged with the Life-Saver Award .

Criteria for consideration is the following:

- The use of the JYD Strut and/or Sidewinder devices in an actual emergency event where the use was a factor in extricating or retrieving the casualty.
- The use of the JYD Strut and/or Sidewinder in an unusual circumstance or emergency event that made the outcome positive.

A department is requested to submit to JYD Industries™ a detailed incident report of how the equipment was utilized and a list all personnel involved. Photographs of the equipment in use during the incident are helpful.

If selected, all personnel involved will receive a certificate of recognition and a JYD Life-Saver pin. Additionally, a Life-Saver decal will be sent to place on the apparatus acknowledging the lifesaving effort. Awardees and a description of the event will also be featured on the JYD website.

To submit a request for recognition, send to:

JYD Industries
